ATELIER LUXUS

The Art of *Bespoke Design*

For over 25 years, Atelier Luxus has been designing electrical equipment for the most demanding interiors, driven by an unwavering commitment to delivering the extraordinary.

Like any designer, Atelier Luxus has its own unique universe, but it is our dedication to quality, paired with unmatched versatility, that sets us apart. Our bespoke approach, beyond industry norms, allows us to design and manufacture products that are entirely tailored to our clients.

Atelier Luxus' passion for beauty and excellence in the art of living gives rise to products that are true objects of desire.

Crafted in solid brass to stand the test of time and made from materials of exceptional quality, each Atelier Luxus piece benefits from the expertise of a master goldsmith. These unique creations are finished with incomparable refinement and a richness of tone.

Bespoke Solutions *For Hospitality*

Collaborating with Atelier Luxus means choosing expertise that combines cutting-edge technology with unparalleled craftsmanship, with meticulous attention to detail and the quality of materials..

Our bespoke solutions, designed to enhance every space and meet the highest standards of excellence, offer more than just design: both functional and aesthetic, they seamlessly integrate into exceptional environments while meeting the durability requirements of luxury hospitality.

For each project, our team provides personalized support to transform your vision into unique creations, where every element reflects your identity and enhances the customer experience.

Characteristics

Patinas & Finishes

With 24 standard patinas, we offer a refined selection of handmade finishes designed to elevate any interior.

Each shade can be customized with a variety of textures: brushed, sandblasted, polished, oxidized, hammered for a truly bespoke result.

Our commitment to craftsmanship and personalization ensures that every creation reflects your unique vision.

Note that our levers and buttons are always finished to match the faceplate, ensuring a seamless and harmonious look.

This list of patinas is not exhaustive. Contact us for more information.
